

The Inverness Model

Estate

First Floor: 2,600 square feet
 Second Floor: 1,600 square feet
 Total Heated: 4,200 square feet
 Width: 81'-5"
 Depth: 80'-9"

This spacious design accommodates for both family and visitors as well as providing a diverse space for formal and informal entertaining. This neo-classical home manifests a wealth of cutting edge components merged with an inviting sense of intimacy. Open to the nook and kitchen, the family room comes alive with a large fireplace. The second floor provides an abundance of livable space with a large media/game room that makes for a great retreat area with its own private bath and huge walk in closet. Two additional bedrooms with private baths complete the second floor. Nothing beats the grand master suite amenities: dual sinks, whirlpool tub, walk-in shower, and twin closets. Access to rear deck provides easy access for future pool or hot tub.
